SECTION 8 — CRITICAL ANALYSIS AND OBSERVATIONS

Chain of Title Assessment

- The current owners transferred the property into their family trust via Trust Transfer Deed on December 22, 2025
- The two-owner chain shows RICHARD M. LOBER AND GALE O. LOBER acquiring title on December 26, 2008, then transferring to their trust in 2025
- An Affidavit of Death of Joint Tenant was recorded on the same date as their 2008 deed, suggesting acquisition may have been by survivorship from a deceased joint tenant
- The condominium legal description shows Unit 4 but the property address indicates Unit 1 — potential unit number discrepancy
- All deeds of trust found have been properly reconveyed, showing clear encumbrance history
- Several document PDFs were not available for full content extraction, limiting analysis of the complete chain

Open Items / Title Defects

■■ DEFECT #1: UNIT NUMBER DISCREPANCY

- **Description:** Legal description shows "UNIT 4" but property address shows "UNIT 1"
- **Document:** Trust Transfer Deed, Instr. No. 2025-0003231, Recorded December 22, 2025
- **Risk Level:** HIGH
- **Recommended Action:** Verify correct unit number through survey, CC&Rs, or amended legal description

■■ NOTE #1: INCOMPLETE DOCUMENT RETRIEVAL

- **Description:** Multiple key documents not available for content extraction (2008-2009 deeds and reconveyances)
- **Risk Level:** MEDIUM
- **Recommended Action:** Obtain certified copies from county recorder for complete chain verification
